

HOW TO PREPARE BEFORE YOUR MAKEUP AND/OR HAIR SERVICE

MAKEUP SERVICE

FACIALS

- Dead skin cells clog pores more than anything else. I recommend getting a facial every 30 days in the months leading up to your event. At a minimum, schedule a facial no later than 7 days before the event.

Great skin. Beautiful makeup.

BROWS

- Shape or fix your eyebrows 3-7 days before the appointment.

Avoid waxing the day before the event to prevent redness. The artist does not perform eyebrow waxing or plucking as part of the service, so it is recommended that you come with your eyebrows previously groomed.

Stay hydrated by drinking plenty of water!

DERMAPLANING (facial hair)

For a **flawless makeup finish**, dermaplaning (peach-fuzz removal) is highly recommended, as it allows foundation to glide smoothly and sit beautifully on the skin. For best results, schedule dermaplaning 3-5 days prior to your makeup appointment to allow the skin to fully settle.

GOT LASH EXTENSIONS?

Heads up—**lash extensions** can **make it harder** for me **to blend eyeshadow or apply eyeliner smoothly**. Sometimes they don't match your eye shape or the makeup style you want, which can affect the final look. I'll always work with what you have, but just know that extensions can limit some options or make certain techniques tricky.

THE DAY OF YOUR EVENT

- Arrive with a clean face, free of makeup and/or skincare products. This prevents any incompatibility between products you've used and the ones I will use.
- Wear a button-down blouse/dress or one with a wide neckline. Preferably, wear white or a color similar to your event outfit.

BASIC STYLING AND HAIRDO

IMPORTANT:

- **Hair must be completely dry, clean, and product-free.** Damp or wet hair will incur a \$25 fee and **reduce the time reserved for styling.**

GENERAL HAIR PREP

- Wash your hair with a clarifying or detoxifying shampoo. **Do not apply conditioner.** If possible, blow-dry your hair with your head tilted downward.

- **Do NOT straighten your hair** — it makes styling difficult and reduces curl longevity.

HAIR EXTENSIONS

The application of hair extensions is not included in the basic hairstyle or hairdo price.

The **clip-in hair extension application service must be requested at least one week before** your appointment.

If you wish to use your own hair extensions, please make sure those have been washed and are 100% dry. Remember that hair extensions must be 100% human hair, not synthetic or blend.

If you have permanent hair extensions, please let me know before your appointment. Extensions significantly change the length and amount of hair I'm working with, affecting styling time, difficulty, and pricing.

Please also avoid coming in with significantly grown-out extensions, as they can affect the final result.

DON'T FORGET to bring your hair accessories!
